There will be no refunds after April 10th

The District is not responsible for seedlings not picked up by 6:00 p.m. Friday April 13th. Call before April 13th if you have a problem with pickup. We reserve the right to substitute a different size seedling for any species pending availability. If any one species is sold out, the District will refund payment for those not available.

Planting survival rates of bare-root seedlings vary from site to site, from excellent to poor. We strive to provide the most viable seedlings. All efforts are made to prevent root stress. **The Conservation District will NOT ensure successful planting of bare-root seedlings, just as our suppliers will not ensure seedling survival. The district is not responsible for mistakes made by the suppliers of our seedling stock.**
