

Rainwater Conservation Barrel

Give a gift. Conserve rain water, help a stream!

York County Conservation District

The York County Conservation District is committed to improving and protecting our environment and wise use of our County's diverse natural resources. The Conservation District is dedicating 100% of all rain barrel profits to the HELP-Stream Program. The District's Headwaters Environmental Legacy Program (HELP-Streams) assists landowners with restoring and protecting small headwater streams.

Constructed of High Density Polyethylene (HDPE) the 60 and 80 gallon rain barrels work under any size downspouts. A perforated entry screen cover allows quick rain entry and prevents insects from entering the barrel. A solid brass spigot attached easily to your garden or soaker hoses. These premium rain barrels have two overflow ports which can redirect excess water away from your home.

SALE PRICE

- 60 Gallon Rain Barrel \$125 **\$ 65.00**
 - 80 Gallon Rain Barrel \$145 **\$ 85.00**
- (Tax included in price)
